

HELP A HERO 1,000 SERVED

“It is not too much to ask that the brave men and women who willingly gave their best for the benefit of so many be able to choose the medical care that promises a return to the full and productive life they enjoyed before that day. We believe that the already proven success of the treatment offered by New York Rescue Workers Detoxification Project is making that dream come true and unequivocally endorse it.”

— **Charles Caputo**, *President, New York State Fraternal Order of Police*

Joe Higgins, FDNY, Ret.

Charles Caputo & Danny Masterson

The New York Rescue Workers Detoxification Project has just completed rescue worker number 885! That means that we are only 115 rescue workers away from the milestone of restoring quality of life to 1,000 of the heroes of 9/11!

Your compassion and generous support has made this landmark humanitarian accomplishment possible. On behalf of the rescue workers and their families, thank you for all that you have done!

It is our goal to have rescue worker number 1,000 onto the program on or before December 31st, 2008. To help us reach this historical goal, we are asking you to donate \$5,000.00 to sponsor one more rescue worker today.

Sponsoring one or more rescue workers will ensure that you and a guest have a place at our very special event chaired by Danny Masterson and the President of the NY State Fraternal Order of Police, Charlie Caputo. The event will be held at Dylan Prime Steakhouse, 7:00 PM Thursday, September 18th in New York City.

The event will be a celebration dinner to acknowledge our key supporters and have a great time! In attendance will be celebrities and major New York sports legends. The event will be covered by major television and print media letting everyone hear of the project's great results. Invitations will be sent out within a few short weeks.

You have helped in the past and we are forever grateful for your support! We are asking you once again to sponsor one or more rescue workers and to join us in celebration of our 1,000th rescue worker served.
